FOREVER MORGANS RESCUE INC. AUGUST and SEPTEMBER NEWSLETTER

I apologize for not getting the newsletter out on time. August and September have been busy months for Forever Morgans board members. Calls to various vets and trying to connect with them regarding some of our adopted horses, fosters and horses in quarantine at Cindy's, scheduled transports having to be rescheduled due to transporter's problems, trips and phone calls to my post office and main post office regarding certified mail that they lost with registration papers in it. Two weeks of follow-up and finally the letters were found and routed to their destination. As you can see, I have done the Newsletter a little different and incorporated where I could August and September. As we can all see, support does not end with getting them into Forever Morgans fold. We have several that need foster or adoptive homes and until then, we are using funds and room that could be put to saving others. Our funds are extremely low, we were very fortunate at the beginning of 2013 to receive some sizeable donations that have enabled Forever Morgans to continue up to this point, donations are needed.

**JRC Blaze of Glory** was taken to New Bolton to see their farrier who trimmed, filed and glued special shoes on. His x-rays taken some time ago, showed a slight rotation and Cindy's farrier wasn't comfortable doing the required work he needed. As you can see, he looks so much different. It was quite an intense work up on him; shoes were glued on, wrapped in plastic and taped until dry. The last pic shows tape and plastic has been removed. He is headed back to New Bolton Oct 1 where new x-rays will be taken and farrier work done.

**Scenic Dusty Acres** was gelded and vet said it was a hard one due to his age. He ended up with an infection and vet was called back out to see him, he was put on antibiotics and is now healed.

### SSL Bed of Roses

X-rays (below) were taken of Bed of Roses and showed that her long pastern bone is out of alignment meeting the short pastern bone. It doesn't seem to affect her only that she has quite a bump above the coronet band. She is a high spirited horse. Cindy says she runs and runs when she goes out.

### Showy Lady's Slipper and filly now 4 months old

Showy Lady's Slipper and her filly were saved at Mel's Sale in New Holland on August 17 for \$450. Kill buyers were there. First bid and only bid was \$350 and he was ready to hammer down the gravel when I waved the saving number for FM and \$450. Filly is by A and R and Lady's PAS Flint and she is bred back to him, vet confirmed her in foal about 3 months. Her fetlock was swollen and x-rays show bone spurs also abscess in hoof. Waiting on complete write up from the vet. They are at Cindy K. looking for a foster home or adoption. Showy was very thin, but is gaining weight and looking better; filly is growing and looks like going to be a big girl. Sire has western working in his background. Showy and A and R sire are both on allbreedpedigree.

### **JAX Suite Victory**

This 15 yr old Registered Morgan Gelding was pulled from the kill pens on July 13, 2013 by Forever Morgans. It was not known if he rode or drove, although he does have road shoes on. He has a white haze on his left eye and can be a little jumpy at first until he gets confident with you. Well thanks to [Liz Menkes](#), she has discovered he does ride and loves what he does! As Liz indicated, he is light in the mouth, will ride on a loose rein, and had no issues under saddle what so ever! What a great find!! What a beautiful boy he is and looking for his new forever home.

### **PT Shipyard Vibrant Song and colt aka Sailor**

Song was rescued from the broker lot on Feb 10, 2013. Gave birth to Sailor, April 15. This pic is from July 5, and Sailor has grown, now almost 6 months and ready to be weaned. We believe his sire is a hackney that the previous owner said had gotten into the mares pasture a few times and he didn't know Song was in foal when taken to the auction. Not much more is know about Song except she does ride. Video <http://www.youtube.com/watch?v=6USMnCCOnUk&feature=youtu.be>
