

Newsletter- July 2013

Hello Members!! July has been a BUSY month!! We've had a lot of inquiries about horses that all needing responding to, quite a few applications have been turned in, there've been some veterinary expenses requiring consultations with vets (and multiple attempts to contact the vets!), a few horses came back to us, and there are some that might need exchanging from one foster home to another, a few more owners have contacted us about possibly surrendering their horses to FM, AND the Board had a serious discussion about our committee's and how we could make them more effective which resulted in some restructuring. Phew! Makes me tired just typing it all! Take a look below and see first hand what we've been up to!! Keep an eye out for our request for more volunteers to help on committees. The only way Forever Morgans can continue to be successful is if everyone pitches in and does a little bit- or even a lot a bits!! See you on the lists!
Chris Pennington

Emails:

Board List- 2,054 individual emails for July
